

OCEAN AND AIR FREIGHT FORWARDING

Improve your global competitiveness with freight forwarding services from Wheels Global Logistics. This non asset-based, fully integrated business has 20 years experience in delivering customized, value driven solutions worldwide.

From complete global supply chain solutions to financing, door-to-door transportation, warehousing and project management, choose Wheels Global Logistics for:

- Pacific Rim door-to-door with North American and Mexico Channel Expertise
- An extensive network of best in class partners
- Customized Multimodal solutions to your international business needs
- Canadian and US transload import/export program
- Customs brokerage services

As a specialist in emerging markets such as China, India and Vietnam, Wheels Global Logistics provides individualized attention and delivers unique solutions carefully designed to meet your specific business needs. Through our network of strategic partners in air and ocean transportation and in warehousing, Wheels delivers door-to-door supply chain services. Our exclusive partners enable us to optimize and manage your requirements in all markets worldwide through an integrated, web-based information management platform.

At Wheels Global Logistics, we're committed to continually finding new ways to add value and surpass your expectations. We take pride in our customer-centric philosophy and perform every task with you in mind.
